### **General Information:**

- Renewal project scorecards are derived from data pulled from HMIS, SAGE and eSNAPs project applications. The
  HMIS data reviewed for this document includes Annual Performance Reports for the timeframe of July 1, 2023 –
  June 30, 2024
- Renewing projects were notified on August 7, 2024 of the renewal scorecard process and were provided opportunities to work with the HMIS team to correct any inaccurate or missing data in HMIS
- Projects renewing for the first time will not receive a Renewal Scorecard since there has not yet been one full year of

### **HMIS Data Quality 10%**

HMIS participation and data quality are priorities for MD-514 & HUD. Accurate, complete & timely data is crucial to determine how projects are contributing to ending homelessness. High quality data is key to understanding what projects are doing and how the CoC & HUD can make informed decisions about the project.

now the coc & nob can make informed decisions about the project.

# Agency Response Section

In the boxes below, please respond to the following questions (if applicable).

These responses are not scored but will be reviewed by the Performance Review Committee.
1) For scored elements that received 0 or 5 points, please explain how your agency plans to improve the performance over time.
2) If your grant recaptured more than 10%, please explain how you intend to spend project funds in the coming year OR if you plan to voluntarily reallocate the excess budget.
