CONTINUUM OF CARE

Eligible New Project Applications

Expansion Projects

- Renewal Projects who wish to increase their total funding need to submit a new project application, known as an Expansion Project Application
- The dollar amount that the renewal application would like to increase their project by will need to be requested through a New Project Application
- Expansion Projects are subject to the RFP requirements
- Expansion Projects are a separate new project application in eSNAPS

*DHCD will provide technical assistance to any renewal projects wanting to submit an expansion project application
