Housekeeping

- Attendance will be taken automatically via WebEx
- This meeting will be recorded and made available to the public
- Public comment will be accepted at the end of the meeting

Meeting Agenda

- Welcome
- BoS Lookback & Achievements
- BoS Look Ahead: 2021 Key Initiatives
- State of the CoC
- BoS CoC Governance
- BoS CoC Recognition & Awards
- Adjournment

Welcome

Carrie DiSimone, Board Chair

Corae Young, Board Vice Chair

MD BoS Lookback & Achievements

**MD BALANCE OF STATE
CONTINUUM OF CARE
MD-514**

MD BoS CoC Mission

The Mission of the CoC:

1. **Rare:** Prevent homelessness as much as possible, reduce the number of people in shelter and on the street
2. **Brief:** Transition households out of homelessness and into permanent housing as quickly as possible
3. **Nonrecurring:** Permanent housing placements should be stable & community supports are in place to prevent a return to homelessness

MARYLAND BALANCE OF STATE CONTINUUM OF CARE

THE JOURNEY TO GET HERE AND A LOOK AHEAD

BACKGROUND – A BALANCE OF STATE COC

- Maryland had many small CoCs and all parties saw the need to strengthen services and financial sustainability of homeless services
- In May 2018, Stuart Campbell reached out to Abby Miller and William Snow (HUD-SNAPS) to discuss the merits of merging CoCs
- William met with Maryland CoC leaders to review benefits of CoC mergers
- In late 2018, Maryland was awarded technical assistance to explore CoC merger options
- Discussions were renewed and in August and September 2019, the TA team had numerous conversations with DHCD and CoCs
- CoCs explored merging with each other, but a lack of progress led DHCD to offer to serve as a BoS Lead Agency, which was widely endorsed

2019: FORMING THE BALANCE OF STATE

Cloudburst TA providers and William Snow travelled to Maryland to present on creating a Balance of State CoC

HUD encouraged the merger, based on positive results in other states
DHCD and TA developed tools explaining what the merger would produce and outlining the merger process would look like, as well as analytic tools to help communities see their declining awards that would likely be remedied by merging into a BoS CoC

DHCD organized an “Acting Balance of State CoC Board” with representatives from each of the five in-merging CoCs

Decision to focus on developing fundamental tenets of the CoC’s Governance Charter and CE approach, including bi-weekly calls into January 2020 (timed to be ready for one county’s CoC Board vote)
TA and DHCD met with Baltimore HUD office, whose staff were encouraging and worked out the timeline and mechanics of grant transfers

TA team met with the Washington County CoC Board and worked with DHCD to create an active engagement with Jason Burns and TeamHMIS

2020: MAKING IT OFFICIAL (DOING THE WORK)

January: Maryland and five CoCs informed HUD of the intention to merge:
MD-514 is born!

February: Acting Board Members worked with TA to draft Governance Charter, Coordinated Entry principles, and began iterative comment process; TA offered training on establishing and operating a CoC

March: DHCD registers the BoS as a CoC with HUD; drafts policies and procedures for HMIS, written standards, other governance documents

July: CoC creates reallocation and other operational policies; NOFA competition plan approved by board; BoS branding completed; CoC executed MOUs with DHCD and TeamHMIS

August (and ongoing): Learning Management System in place; one-on-one meetings between DHCD staff and LHCs

April: BoS adopts governance charter; forms CoC committees

May: CoC selects new prioritization tool

June: New Board leadership officially voted in; begins formalizing CE processes

TODAY, MARYLAND'S BALANCE OF STATE COC...

- Acknowledges local issues and allows for regional flexibility in decision making
- Achieves representation from the entire geography of the continuum
- Actively engages numerous state agencies in understanding the CoC's issues and supporting its success
- Operates through a single integrated HMIS
- Has improved coordination between counties, which has helped COVID-19 response
- Has increased state-level understanding of what happens at the local level (e.g., funding priorities, how decisions are made)
- Provides a regular and intensive feedback loop with a real-time sense of what boots are doing on the ground, creating transparency with funders

WHAT'S NEXT?

- 2020 NOFA Application
- Continue to strengthen relationships with program staff in and among LHCs
- Build on online/social media presence to communicate CoC impact, current projects, and data
- Build out Learning Management platform to make resources and training materials accessible to all staff
- Fully launch Coordinated Entry as part of HMIS
- Plan for an annual CoC membership meeting and first-year annual cycle of CoC activities
- Integrate persons with lived experience into leadership
- Integrate racial equity into all aspects of planning and performance analysis
- Continue governance planning

THANK YOU FROM YOUR TA TEAM!

- It has been a pleasure working with all of you!
 - This young BoS is in great shape and exceeding all expectations
 - We look forward to hearing more about your accomplishments in the future

MD BoS Look Ahead: 2021 Key Initiatives

Balance of State CoC Membership

What is a CoC membership?

- Stakeholders dedicated to prevent & end homelessness
- Guide strategy throughout the CoC

Who can be a member?

- Anyone in the BoS with an interest in ending homelessness
- Diversity in stakeholders

Why should I join?

- Access to funding opportunities
- Role in strategic planning
- Leadership opportunities
- TA & training events

Balance of State Gaps Analysis & Action Planning

Gap Analysis

Current
State

GAP

Key factors for change

Desired
State

Action Plan

Balance of State CoC Needs Assessment

Housing Inventory Needs

- What's the right amount of shelter and permanent housing needed for each LHC?
- Where do we need to shift funds or create new housing/interventions?
- Do we have sufficient dedicated housing and services for special populations like youth and domestic violence survivors?

Supportive Services Needs

- Does each LHC have appropriate supports/linkages in place for mental health, addictions treatment, case management, etc?

Balance of State CoC Needs Assessment

System Coordination Needs

- How well is the CoC coordinating with child welfare, education, juvenile justice, hospital, court, and treatment systems to prevent homelessness?

Equity Analysis

- Are the most intensive resources going to the households with the most intensive needs?
- Is there inequity in populations that experience homelessness and in how likely they are to receive assistance?
- Is there inequity in the housing outcomes and long-term stability in certain populations?

BoS Action Plan

1. **Common Gaps/Needs Across LHCs Become BoS Priority Actions**
2. **Organize around Priority Actions – BoS Board, Committees, Workgroups**
3. **Staff Support for Unique LHC Needs**
4. **Aligned with Maryland Interagency Council on Homelessness Goals**

State of the MD BoS CoC

Understanding Our Baseline

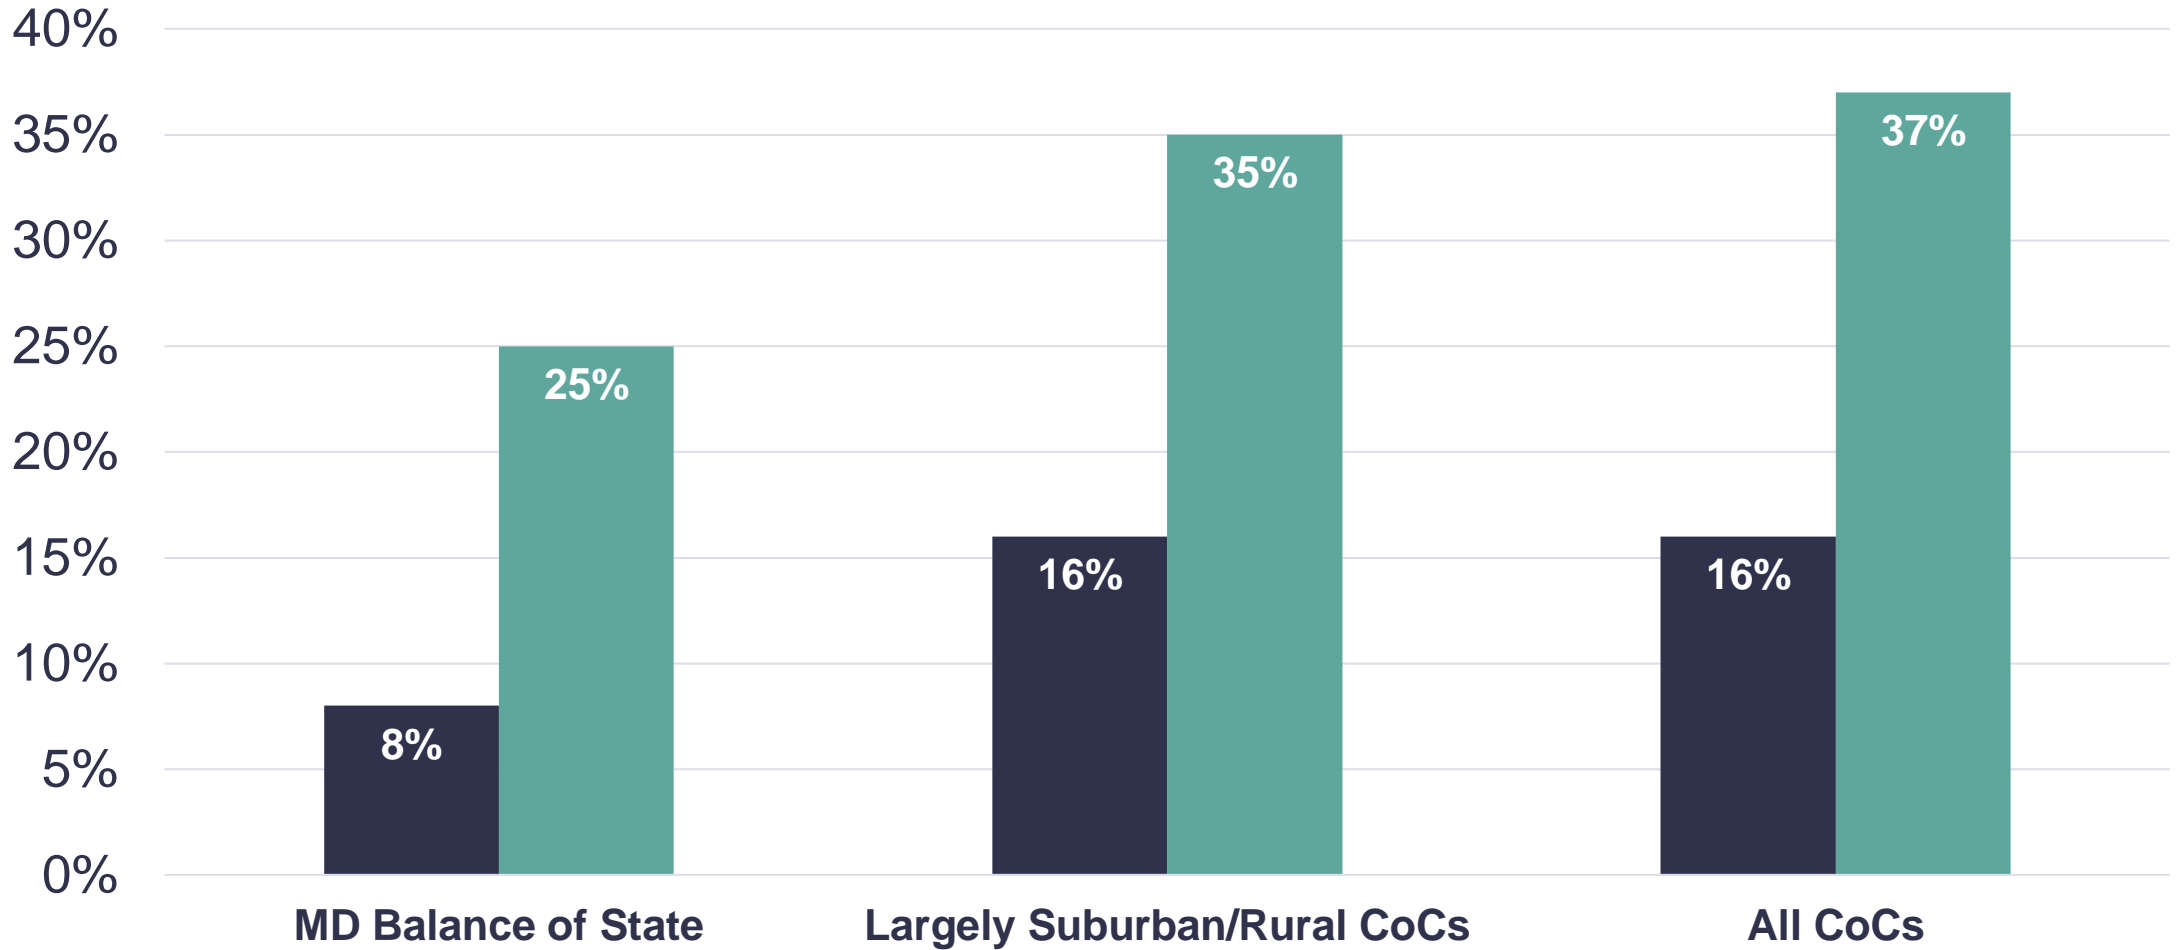

- New CoC = New System Performance Measures
- Important to understand baseline data so we know what areas we need to improve and so we can track our progress over time
- System performance improvement requires everyone to move in one direction, together – it's everyone's job, from shelter intake workers to permanent housing executive directors
- Directly impacts federal funding from NOFA and competitiveness for new HUD funds
- Following data is from FFY19 System Performance Measures (FFY2020 are in progress)

Average Number of Days a Person Stays in Emergency Shelters, Safe Havens, Transitional Housing

Percent of Adults Who Increased Earned or Total Income

■ Earned Income ■ Total Income

Percent of People Who Exit to Permanent Housing from Shelter, Safe Havens, Transitional Housing, and Rapid Re-Housing

MD Balance of State

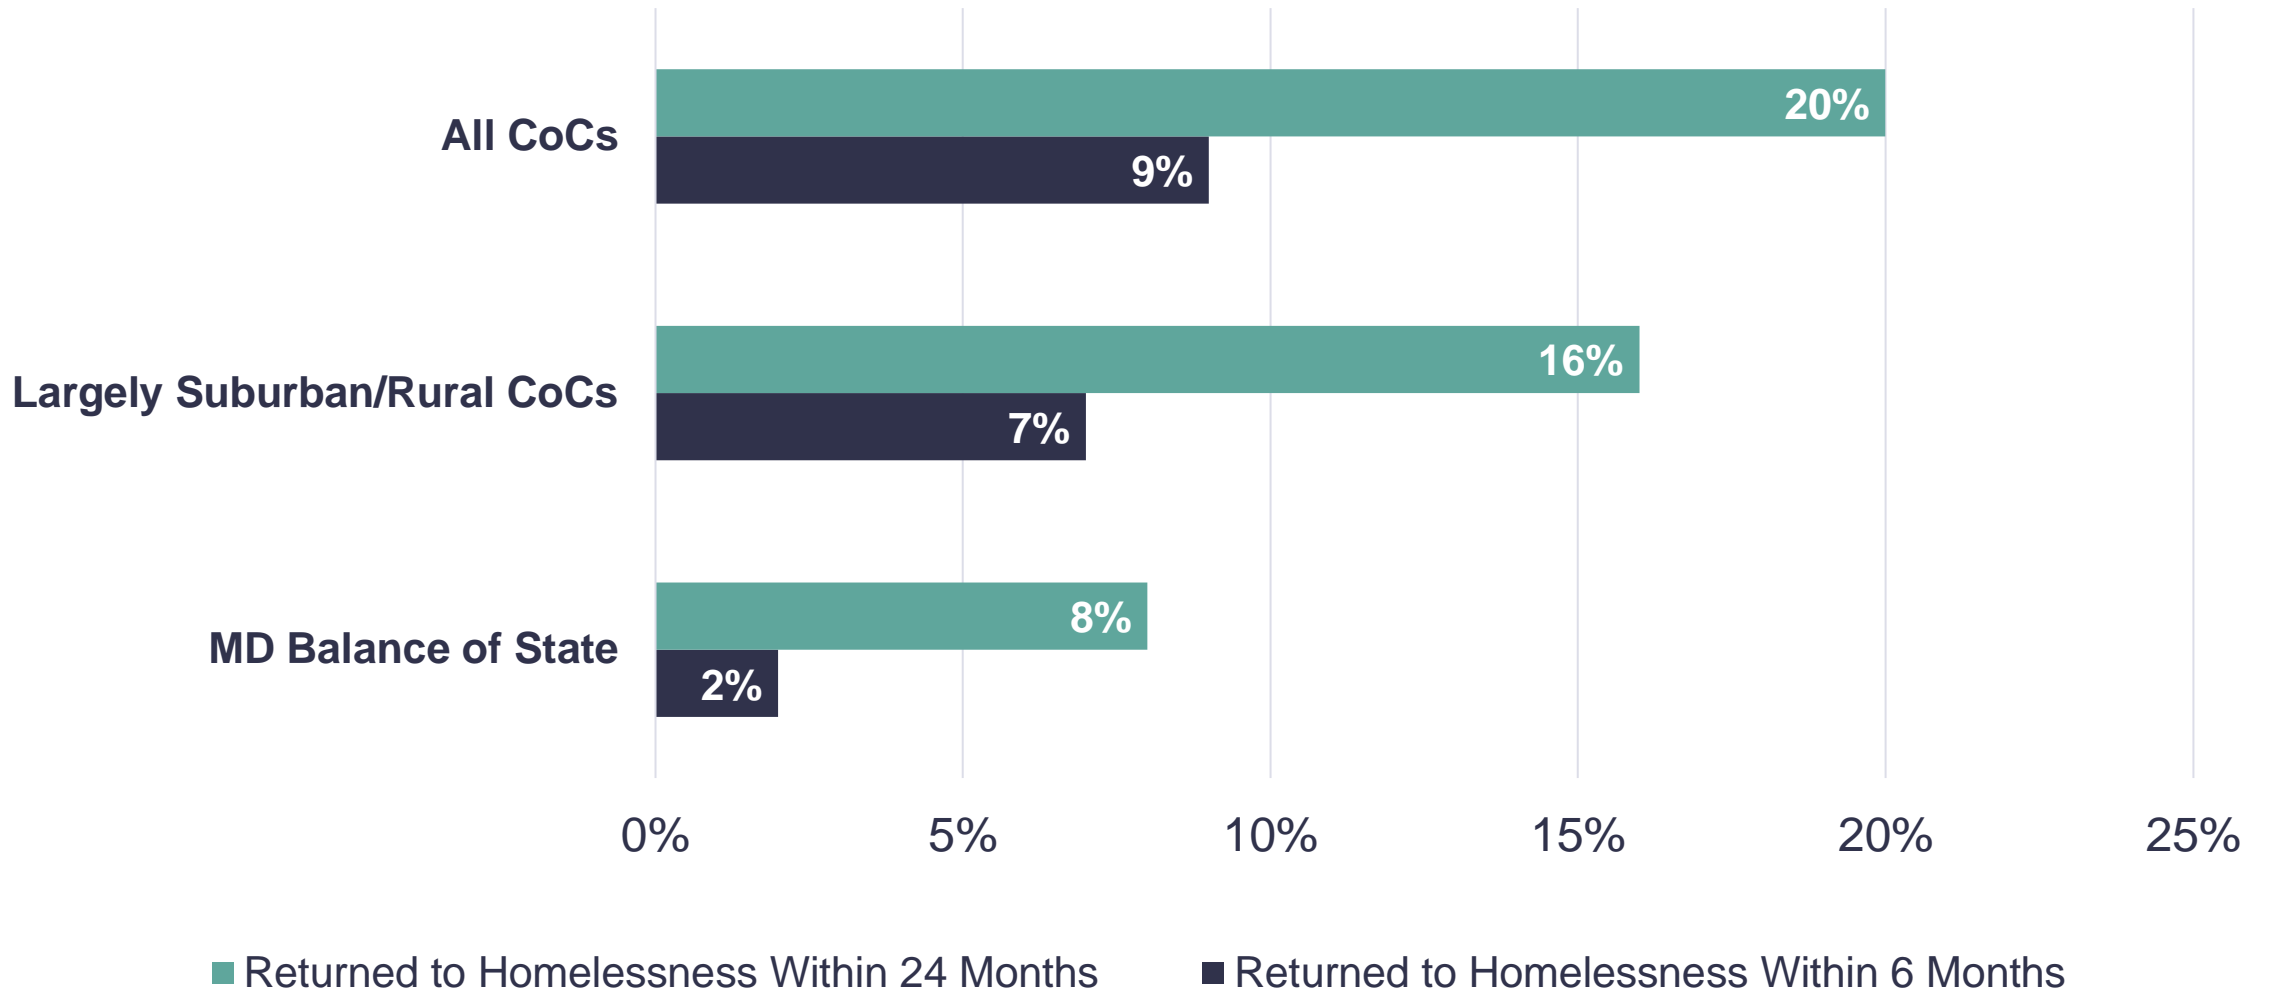

Largely Suburban
and Rural CoCs

All CoCs

Percent of Persons who Exited to Permanent Housing and Later Returned to Homelessness
